UCI BMX WORLD CHAMPIONSHIPS

ROTTERDAM 2014 | THE NETHERLANDS

1. RULES

1.1. Participation

1.1.1. UCI BMX World Championships

9.2.001 It is the National Federations who select riders to participate in World Championships.

9.2.002 A rider against whom an investigation was opened in relation to a fact which may cause a breach of the UCI Anti-Doping Rules, will not be eligible for the World Championships or is not authorized to participate to the World Championships until the end of the suspension or until his definitive acquittal. In the event of a positive A Sample, this clause applies starting from the notification of the abnormal analysis result to the rider. Unless otherwise decided by the anti-doping commission, the above paragraph is also applicable in the event of an investigation or a procedure regarding such a fact, opened in pursuance of a law or other regulation.

Specific cases are examined by the anti-doping commission or its president. Their decision is without appeal. In addition to the disqualification, the licensee and his national federation will be respectively sanctioned by a fine of CHF 2000 to CHF 10000. The present condition for participation, aims to protect the integrity, serenity and reputation of the World Championships. Its application does not prejudice the decision whether an anti-doping violation has occurred and shall not give rise to any claim in the events of acquittal.

9.2.003 National Federations shall enter with the UCI via its website.

9.2.004 The enrolment of the federations' riders shall reach the UCI at the latest within the following deadline:

10th July 2014, 12:00 CET

9.2.005 Save in the case of an act of God, a National Federation that has entered for a World Championship and that does not participate shall be liable to a fine of CHF 500 to CHF 2'000.

9.2.007 Federations shall announce the names of the riders who are to take the start to the Commissaires Panel at the latest:

For Challenge and Masters categories:

Monday 21st July 2014, from 13:00 to 17:00

For Championships categories:

Friday 25th July 2014, from 15:00 to 17:00

A rider declared unfit following an abnormal blood test cannot be replaced.

UCI BMX WORLD CHAMPIONSHIPS

ROTTERDAM 2014 | THE NETHERLANDS

9.2.008 Unless prevented by an act of God, a rider once announced as taking the start and who fails to present, shall be liable to a fine of CHF 500 to CHF 5000.

An injury or sickness shall be recognised as an act of God only if the rider is declared incapable of taking the start by the UCI official doctor.

1.1.2. UCI BMX World Challenge

6.4.005 Pre-registration for the UCI BMX world Challenge is subject to the following restrictions:

Each national federation shall be permitted to register up to 16 riders in each Challenge level category which is scheduled for competition. The host organisation may register a greater number of riders in each limited category, with a maximum of 32 riders. This excludes main finalists at the UCI BMX world Challenge event of the previous year. These riders can be added on top of the riders selected according to the above criteria.

1.1.3. Masters

9.2.048 Each national federation shall be permitted to register up to 16 riders in masters.

6.1.005 Masters are also authorized to compete as Challenge Cruisers 24 inch.

1.2. Race format

1.2.1. UCI BMX World Championships

Race format in appendix 1

1.2.2. UCI BMX World Challenge and UCI BMX World Championships Masters

According to the BMX rulebook part 6 version 04.04.2014.

1.3. Other extracts

6.1.001 Age of participation

For participation in events on the international calendar, riders' categories are determined by the age of those competing as defined by the difference between the year of the event and the year of birth of the rider. A rider must be at least 5 years of age to compete in a UCI sanctioned BMX event.

The minimum age of 5 refers to the real calendar age on the day of race commencement.

6.1.007 Combination rules

Five riders shall constitute a category. If less than five riders register for a category, they will be combined with an older category.

If five or more riders register for a category and are confirmed during the riders confirmation the category will not be combined in those cases where injury or illness prevents the requisite number from actually engaging in competition. No competing category at Championship level can be combined with a competing category at Challenge level and vice versa. Except as provided by the combination

UCI BMX WORLD CHAMPIONSHIPS

ROTTERDAM 2014 | THE NETHERLANDS

rules, no rider is permitted to compete outside of his age or gender group during UCI registered races.

6.1.013 Riders registered to compete in an event will be classified according to their age, gender, bicycle style and competition level. Two specialties are recognized: BMX race and BMX time trial. Two styles of bicycles are recognized in BMX race: standard 20 inch and cruiser 24 inch, as described in article 6.1.064. BMX time trial can only be ridden on a standard 20 inch bike.

6.1.014 A BMX race is composed of 3 phases, the motos, the qualifiers (1/32, 1/16, 1/8, 1/4 and 1/2 finals depending on the number of participants) and the final. The motos are subdivided in 3 rounds, at the end of which the riders with the best overall result shall transfer to the qualifiers. The qualifiers are the elimination phase of the race. It is subdivided in several stages, which are distinguished from each other by their degree of removal from the final (1/32, 1/16, 1/8, 1/4 and 1/2 finals depending on the number of participants). The last phase is the final.

If less than 9 riders constitute a category, there will be a three motos system where the aggregate score at the end of the three motos determines the final result. At the end of a BMX race competition, a final classification is made that defines the final results and that is used to attribute UCI ranking points and prize money.

Final classification

The final classification (results summary) of the competition is determined by:

1. The phase reached (Final, 1/2 final, 1/4 final, 1/8 final, 1/16 final, 1/32 final, motos);
2. The rank from this phase;
3. The total points from this phase;
4. The time in the last run, in case of ties the time from the previous run is considered.

When the tie cannot be broken by time, the riders will share the same rank.

A BMX time trial event is composed of 2 phases, the time trial qualification and the time trial super finals. Every phase is composed of one run. The time trial super finals are the final phase and define the time trial results.

6.1.015 No rider will be permitted on the track until he has been officially registered and confirmed for the event as a licensed rider. At least one official practice session must precede the racing at any event. Separate practice times shall be allocated to each category or other designated group.

6.1.016 The schedule of races shall be established according to the procedures set forth in appendix 1 of the BMX rulebook

6.1.021 The gate starting positions for motos shall be determined according to appendix 2 of the BMX rulebook and shall be indicated on the start lists.

The gate starting positions during the qualifiers (1/32, 1/16, 1/8, 1/4 and 1/2 finals depend on the number of participants) and the final shall be determined by:

- A. By seeding determined by lap time from the previous round (fastest rider has the first choice on the gate) For championships categories.
- B. By the finish placing from the previous round (first placed rider has first choice on gate). For Challenge and Masters categories.

ROTTERDAM 2014 | THE NETHERLANDS

3. COMPETITORS SELECTION

9.2.047 For Men Elite, Women Elite, Men Juniors and Women Juniors , the maximum number of riders for each nation is determined on the basis of the UCI classification by nation on 31st December of the preceding season.

All nations that didn't qualify through the qualification quota will be allowed to register one rider/category (Men Elite, Women Elite, Men Juniors and Women Juniors).

Each federation shall be permitted to enter 2 reserves in each category.

The UCI ranking by nations for the world championships is calculated by adding the points scored by the 3 best placed riders of each nation for Men (junior and elite separate) , and by the 2 best placed riders of each nation for Women (junior and elite separate).

In addition to the nations qualified through the UCI BMX nations ranking, the following riders will also be qualified for the Elite world championships:

- Top 16 Men Elite in the UCI BMX individual ranking of 31st December of the preceding season.
- Top 8 Women Elite in the UCI BMX individual ranking of 31st December of the preceding season.

Qualification quota 2014 UCI BMX World Championships in appendix 2.
