## STADIUM BMX PRESENTATION

Studied for the 2012 Olympic Games France's application, the National Velodrome's building project on the Urban Community territory of Saint-Quentin-en-Yvelines has developed through talks to become the official National Cycling Centre.

Certified by UCI for international competition, the BMX Stadium hosted several national sports events like the French Nationals (2014), French Cups (2014-2015) and two rounds of the 2018 UCI BMX Supercross World Cup. The only stadium fully covered in France, it offers trainings and competition with optimal conditions for the French and international athletes. The layout consists of four straight lines including two duplicated and three curves coated, on a total length of 410 meters. Equipped with 8 meters mound where is installed a Pro Gate starting grid and another starting grid which measures 5 meters, the stadium can host the biggest competitions from regional to international level. Fitted with a permanent stand of 900 seats, more than 1800 spectators can be accommodated thanks to the set-up of others stands. Inaugurated in early 2014, the stadium also hosts others public users for sports trainings or initiations particularly on the pump track which is next to the BMX track. For the second year in a row, the UCI has once again trusted the FFC to organize the 5th and 6th rounds of the UCI BMX Supercross 2019 World Cup in Saint-Quentin-en-Yvelines. Let's hope to see our Frenchmen shining like last year when Joris Daudet won the second round.

## NOTE FROM THE PRESIDENT

SQY coats his world cup clothes.

On June 8th and 9th, the National Cycling Centre and the International Stadium of Saint-Quentin-en-Yvelines will host the 5th and 6th rounds of the 2019 UCI BMX Supercross World Cup. These rounds will participate in the 2019 edition of a competition that will include 10 innings. The best drivers of the planet, more than 250 athletes representing nearly 25 countries, will challenge themselves on the 400-meter track located near the leisure island of Saint-Quentin-en-Yvelines.

Last year, 12,000 spectators attended this first international BMX event on Yvelines. A great popular fantasy!

An audience that could vibrate to the rhythm of the superb performances of the French Team but who also attended the first two rounds of the French Cup 2019.

A unique event in the world that will be repeated again this year. A precursory format whose FFC is proud to have been at the origin.

I would like to thank the Ministry of Sport, Saint-Quentin-en-Yvelines, the Ile-de-France Regional Council, the Yvelines department General Council, the city of Montigny-le-Bretonneux plus the several financial and sport organizations and institutions. They have worked together specifically for this wonderful world class event.

Welcome to all, athletes, nations, partners, media and spectators we wish you all an excellent competition and a great show.

**Michel CALLOT**

President of the  
French Cycling  
Federation
